

WEST COAST MARINE SAILING SCHOOL

POWERBOAT HANDLING CERTIFICATE

OVERVIEW

Owners of powerboats and sport-boats have a great responsibility towards other water users. The YAI's National Powerboat Training Scheme aims to provide insight into the safe use of these craft, the equipment they must carry, and knowledge of the aspects of seamanship, navigation and weather which govern their use.

The course is designed to provide those who go power-boating with the skills and knowledge to enjoy their time on the water safely.

This course is aimed at Boat Owners, Boat Operators and people with a desire to own and / or be in charge of a recreational powerboat. The course covers the content of the Powerboat Handling Certificate, with added competencies drawn from the Ministry of Surface Transport, Government of India guidelines.

OUTCOMES

You will gain the knowledge and skill to safely handle a recreational powerboat. You will also receive a Powerboat Handling certificate. By this you will end up saving money by being aware as to how to reduce wear and tear on the boat as she will be handled in the correct manner. Going out on the waters will be enjoyable and done in a responsible manner.
